Resolution on Thanksgiving Break 2020

Whereas, students will be traveling home for Thanksgiving break

Whereas, bringing students back to campus puts the students, staff, and faculty on campus at risk

Therefore be it resolved, WSUSS lends their support of making classes completely virtual after Thanksgiving break to reduce the amount of exposure on campus

Therefore be it further resolved, labs, clinicals, and field experience should be the only classes offered in-person following Thanksgiving break

Therefore be it further resolved, residence halls remain open and available for students during the two weeks after Thanksgiving break.

Therefore be it further resolved, WSUSS strongly encourages WSU Administration to release a decision regarding what will happen during this period by October 16th.
