April 12, 2023

Whereas, Winona State Student Senate recommended a 0% tuition increase for all students at Winona State,

Whereas, many students pay for part of their tuition themselves and go into debt doing so,

Whereas, students have other payments that factor into their lifestyles on top of their tuition,

Whereas, over the past 10 years, on average, tuition has increased by 2.04% every year at WSU,

Whereas, students were impacted by the previous increase in the 2022-2023 academic year,

Whereas, International students pay more for tuition and have many other added costs to begin the process to enroll in higher education,

Whereas, the Minnesota Legislature may enact a tuition freeze in the coming weeks,

Whereas, keeping lower tuition rates would make WSU a more accessible school in comparison to others,

Therefore be it resolved, WSUSS supports a 0% tuition increase for all students attending Winona State.
