## Assessment of Student Competencies

Courses submitted for renewal in one of the additional WSU General Education requirements (written/oral/math-stats-critical thinking intensives or physical development and wellness) must meet 100% of the student competencies established for those categories. As such, the grid for course renewal in these additional requirements must include all of the student competencies.

Courses submitted for renewal in Goal Areas 1-10, however, are only required to meet 51% of the student competencies established for those goal areas. As such, the grid for courses in the goal areas must only address a majority of the student competencies. In the following table, use only those competencies that apply.

Student Competencies	Course Requirements & Learning Activities	Assessment Plan
Competency 1:		
Competency 2:		
Competency 3:		
Competency 4:
