WINONA STATE UNIVERSITY

PROPOSAL FOR A REVISED PROGRAM

This form is to be used to submit a proposal for a revised undergraduate or graduate major, minor, concentration, or option. Every item on this form must be completed prior to submission to A2C2 for the proposal to be considered for approval. The department proposing a new program must include a *Financial and Staffing Data Sheet* and the *New and Revised Course and Program Approval Form* with department chairperson's and dean's signatures. Refer to Regulation 3-4, *Policy for Changing the Curriculum*, for complete information on submitting proposals for curricular changes

Note: Regulation 3-4, *Policy for Changing the Curriculum*, allows a department, with its dean's approval, to change up to two courses per year within an existing major, minor, concentration, option, etc., without seeking review of A2C2 and/or graduate Council, provided that (1) the total credits do not increase or decrease for the major, minor, concentration, option, etc., and (2) the change does not affect other departments or the University Studies or General Education Programs. Please use the *Notification form* for these changes instead of this *Proposal for a Revised Program*.

Department: History and Paralegal

Title of Program: Paralegal

This is a revised: ☒ Major ☐ Minor ☐ Concentration ☐ Option ☐ Other (explain)

Major/Minor Code of this program: HPLG

Total Semester Hours: 65

Please provide all of the following information:

(Note: Other documentation may not substitute for this. All information must be on this form)

A. A statement of major focus and objectives of the revised program (Include this even if it has not changed)

The Paralegal Program enables students to develop both intellectual and professional skills in the law. The program is designed to meet the needs of students wishing to enter into a career that demands knowledge and experience with legal systems and institutions. This includes careers working for law firms, governmental agencies, insurance companies, banking institutions, and more. Paralegal graduates work with lawyers, but do not offer or give legal advice on their own. The degree also serves as excellent preparation for law school.

B. New Catalog Content (Include these even if they have not changed)

1. Provide a list of program content as it would appear in the catalog including required courses, electives, etc., by number and name. Include the number and name for each prerequisite, and all prerequisites of proposed prerequisites. All such prerequisites should be included in the total credit hour calculations for the revised program.

The purpose of the Paralegal Program is to enable students to develop both intellectual and professional skills in the law. The program is designed to meet the needs of students wishing to enter into a career that demands knowledge of and experience with legal systems and institutions. This includes careers working for law firms, government agencies, insurance companies, banking institutions, and nonprofit agencies. It also serves as an excellent preparation for law school.

The program is an interdisciplinary program within the College of Liberal Arts that develops skills in legal research, writing and investigation alongside a deeper understanding of the substance, politics and history of the law. The American Bar Association approves the WSU Paralegal Program.

Admission Requirements

A high school diploma and admission to WSU are required for admission to the program. It is recommended candidates for admission be in the upper half of the class or have a score of at least 20 on the ACT. Students wishing to enter or transfer into the program must seek advising from the Director of the Paralegal Program.

Paralegal Phases

The Paralegal Program has three phases:

Phase I - Interdisciplinary Foundations: These courses address topics related to the U.S. legal system in a variety of academic disciplines, ranging from history and political science to business and accounting.

Phase II - Legal Specialty Courses: These courses concentrate on specific aspects of the legal profession. Legal specialty courses are offered in sequence and typically begin in the fall of the junior year. [Δ HPLG 370 - Legal Research and Writing I](#) , must be taken as the first course in the sequence.

Phase III Concentration or Minor: Students select from one of 4 concentrations: [Business and Intellectual Property Organizations](#); Domestic Relations; Litigation Practice; [Criminal Law and Systems](#)

general electives from a variety of law-related courses from various disciplines. A student may elect to complete a minor that complements the Paralegal major.

Additional Course and GPA Requirements

- Students are required to have substantially completed their University Studies requirements and Phase II requirements before they enroll in the Legal Specialty courses. They also must have the academic advisor's approval.
- Except for Legal Research, transfer students cannot substitute a 100- or 200-level legal specialty course taken at another school for a similar course at a 300- or 400-level at WSU.
- All students must provide the Paralegal Program Director with a copy of their transcripts with recorded GPAs before enrolling in [Δ HPLG 370 - Legal Research and Writing I](#) .
- Coursework below a grade of "C" in legal specialty courses does not count toward completion of the paralegal major.

For a checklist of the University's graduation requirements, see the [Academic Policies & University Requirements](#) section of this catalog.

Pass/No Credit (P/NC) Courses

Except for the Paralegal Internship and Paralegal Institute, no classes taken on a P/NC basis can be used to satisfy any specific course requirements of the Paralegal Program or coursework in the options.

2. For each required and elective course being added to the program, provide the course number, name, catalog description, and a brief statement explaining why the course should be included in the program.

The proposed program revision adds one required course to the Paralegal major: HPLG 211: Introduction to Paralegalism and Ethics 3 S.H. Grade only.

This course will introduce Paralegal majors to paralegal work and to the legal ethics related to that work. The course will examine the paralegal profession, the best practices within that profession, office management, the role of the nature and responsibilities of legal ethics for the paralegal. The course will provide substantial introduction to relevant technologies, software, and databases used in the paralegal profession; in doing so, the course will fulfill the recommendations of the most recent American Bar Association approval review.

Concurrently with this Program Revision proposal, we are proposing to make HPLG 211 a requirement for second-semester sophomores in order to bring them more fully into the program sooner. As the program currently exists, paralegal majors begin to fulfill the interdisciplinary foundations requirements in the first year, while meeting General Education requirements, but they do not begin the Legal Specialty Sequence until the Fall of their third year. This new requirement will serve as an introduction to this sequence, as well as an introduction to the profession and to relevant technologies used within it.
