The request for USP approval for this collection of courses is to stem a temporary problem that resulted from a transition to a new program. These courses are new versions of courses that had USP approval in the past. In this table, the old courses are listed in the middle column and their approved USP area is on the left. Those courses no longer exist and have been replaced by the courses in the right column.

USP area	Old courses	New courses
Social Science	EFRT 303: Human Development and Learning: Early Childhood (4 cr)	EFRT 400: Human Development and Learning: Elementary and Early childhood (2 crs) EFRT 440: Classroom management: Elementary and Early childhood (1 cr)
	EFRT 304: Human Development and Learning: Middle childhood (4 cr)	EFRT 401: Human Development and Learning: Secondary and K-12 (2 cr)
	EFRT 305: Human Development and Learning: Adolescence (4 cr)	EFRT 441: Classroom management: Secondary and K-12 (1 cr)
	EFRT 310:	EFRT 420: Curriculum and Assessment: Elementary and Early childhood (3 cr)
	EFRT 311:	EFRT 421: Curriculum and Assessment: Secondary and K-12 (3 cr)
	EFRT 312:	
Multicultural perspectives	EFRT 308: Student diversity and Human Relations	EFRT 460: Multicultural Children, Youth, and Families: Elementary and Early Childhood (2 cr)
		EFRT 461: Multicultural Children, Youth, and Families: Secondary and K-12 (2 cr)
		EFRT 462: Multicultural Children, Youth, and Families, part 2 (1 cr)

The courses are, in essence, a repackaging of the content in the old courses in an effort to accomplish two things. First, to help the Elementary, K-12 and Secondary education programs reduce to 120 credits. To do that, we reduced the professional education sequence from 13 to 12 credits. Second, to address the phenomenon of students “siloing” course content (e.g., they finish a course and quit thinking about its content as if saying “That was in that course. I’m done with that and don’t have to think about it anymore”), we tried to find a way to keep ideas fresh in their minds and make connections among ideas presented in other classes explicit. We did this by dividing the courses into two parts that would be taught in different semesters. The new arrangement of these courses is shown in the following tables.

Elementary and Early Childhood		
Semester 1	EFRT 400: Human Development and Learning: Elementary and Early childhood (2 crs)	EFRT 460: Multicultural Children, Youth, and Families: Elementary and Early Childhood (2 cr)
Semester 2	EFRT 440: Classroom management: Elementary and Early childhood (1 cr)	EFRT 420: Curriculum and Assessment: Elementary and Early childhood (3 cr)
Semester 3	EFRT 459: The Professional Educator (3 cr)	EFRT 462: Multicultural Children, Youth, and Families, part 2 (1 cr)

Secondary and K-12		
Semester 1	EFRT 401: Human Development and Learning: Secondary and K-12 (2 crs)	EFRT 461: Multicultural Children, Youth, and Families: Secondary and K-12 (2 cr)
Semester 2	EFRT 441: Classroom management: Secondary and K-12 (1 cr)	EFRT 421: Curriculum and Assessment: Secondary and K-12 (3 cr)
Semester 3	EFRT 459: The Professional Educator (3 cr)	EFRT 462: Multicultural Children, Youth, and Families, part 2 (1 cr)

So, our request for USP approval is really a request to transfer approval from the old courses to the new courses.

It is necessary to get USP approval for these courses because a number of students in the education programs are trapped in the change to the new professional education sequence. They began fulfilling their general education requirements under the University Studies program where they were counting on the old EFRT courses to meet these three USP areas. When we switched to the new program and quit offering the old courses, the USP credits were no longer available. We are requesting USP approval for these courses to allow the students caught in the transition to complete their program as they intended.
